

Sprint #2

TLD & HTTPS

TLD & HTTPS

- `http://croton.cf:8080/`
`-- web@http`
- `https://croton.cf:4430/`
`-- web@https`

Croton

C A R E . F R E E .

Technicals

- DB Migrations
- Validation: move to custom hook
- Badges CI move to AWS
- Split DBs for envs
- Move axios api calls to separate service, update tests
- Separate package.json command to run web with a local backend

Bugs Fixed:

- Unable to update profile right after email confirm
- Error on email confirm due to re-rendering
- Fix bug in RN tests

User Flows:

- Login with Facebook
- Login with Google
- Show user profile
- Change user profile
- Reset user email
